- ✓ Free use of Archery Area

Assistance with Team Placement Available for Those in Need!

What is a Handicap?

Standard Handicap Formula (some use 23 - see rules)

24 – Shooters Average * 70 %

Example:

Shooters Average = 8.5

24 – 8.5 = 15.5

15.5 * 70% = 10.85 Handicap

If you shoot 10 for your round + handicap = 20.85 score for team competition
